PETITION - TO The Legislative Assembly of Ontario: -

WHEREAS *at the point that Highway 15 intersects with County Road 42, has been considered by many to be a hazardous intersection, particularly when local residents travel over the provincial highway;*

AND ***WHEREAS*** *in 2007, the Ministry of Transportation staff presented design plans which showed a dramatic reduction in the curvature of this portion of Highway 15, which would have considerably improved the level of visibility and safety to our residents crossing over Highway 15;*

AND ***WHEREAS*** *in late 2008/early 2009, the Ministry of Transportation revised the 2007 design plans for this intersection, which would only minimally improve the visibility and safety of this intersection but would result in a significant reduction in the amount of funds expended by the Province of Ontario;*

WE the undersigned petition the Legislative Assembly of Ontario as follows: -

That the Minister of Transportation be respectfully requested to direct staff to recommend the 2007 design plan for the intersection of Highway 15 and County Road 42.

Name (printed)	Address (printed)	Signature
